Support the keswick Mountain Rescue Team **

The team comprises up to 50 volunteers who live in and around Keswick. As well as being on call in all weather, 24 hours a day and 365 days a year, there is a significant amount of on-going training in advanced first aid, mountain and water rescue. This can only be achieved through the dedication of our volunteers and the generosity of their employers.

the

Keswick Mouse Trail

www.thekeswickmousetrail.co.uk

You are about to embark on a challenge that will take you on a fun trail around our beautiful market town, Keswick. Gerald the Mouse and all his mischievous little friends that live in the Cheese Deli, like to play fun games. They are playing hide and seek in lots of different windows around the town. Can you find all 24 of them? Don't worry, your mission doesn't have to be completed in a day.

Take your time and maybe call in to some of the lovely places along the way; there's lots to do. All the mice are ready and waiting for you to find them.

Good luck!

The Keswick Cheese Deli

9 Packhorse Court
Keswick
Cumbria
CA12 5JB
017687 73377

Licensed to sell awesome cheese!

* available from The Keswick Cheese Deli

** 50p per badge goes to Mountain Rescue Team

The trail starts in a quaint, cobbled courtyard in Keswick, called Packhorse Court. Here you'll find the first mouse hiding in the Cheese Deli window. This is Gerald and it's where all the cheeky little mice live. They get up to all sorts of mischief in there. Sometimes however, they like to play hide and seek around the town. (Mouse 1)

With your back to the Cheese Deli door, turn left and walk diagonally across the courtyard and through the covered walkway onto Station Street. At the end, turn right and follow the pavement as it bends round to the left on St John's Street. Look out for an orange café bar. There's definitely something strange about the shape of this fruit though! (Mouse 2)

Carry on a little further up St John's Street until you see things from a different point of view. There are beautiful photographs of mountains and stunning Lakeland views in this window. (Mouse 3)

Further up this road is one of Keswick's real treasures. You can step back in time over 100 years in here, whilst you enjoy watching something very up to date. (Mouse 4)

Walk directly back into town and you'll see a very impressive building right in the centre of Main Street. This impressive historical building has bars on some of the windows. What might it have been in the past? (Mouse 5)

With your back to the main door of Moot Hall, walk diagonally right and onto Lake Road, following the bend in the road towards the lake. Continue down this road until you find somewhere to keep your hands warm. (Mouse 6)

Continue walking in the same direction and admire the lovely mural as you walk through the subway and enter Hope Park. Can this mouse be having a nibble to eat? (Mouse 7)

Walk through Hope Park to the end. Take the opportunity to turn right as you leave the park and head to Derwent Water to look at the breath-taking views in front of you. Head back towards Hope Park, but go straight past the gate you walked out of before. Look straight ahead for a large building on the car park. In front of you is the home of our amazing local super heroes. This is the largest mouse and he's always watching and ready to spring into action to help someone. (Mouse 8)

Re-trace your steps through Hope Park and stop half way up Lake Road. There's a mouse planning his next adventure amongst old school flags and collectables. (Mouse 9)

Walk down the left hand side of Moot Hall. Watch out for a tall waterfall. But it's certainly not water that's falling! Hopefully he'll stay away from whatever is falling! (Mouse 10)

With your back to mouse number 10, walk diagonally left across High Street until you see a friendly red insect. This mouse likes to look at twinkly objects. (Mouse 11)

Carry on walking down High Street just a little further. You'll find two mails staring at the Bank. You'll find another mouse looking at the cakes next door. (Mouse 12)

Continue walking in the same direction. Don't forget to wave at the webcam on the corner of the town hall, just above the iconic PUP's clock. Carry on walking past Museum Square until you find a window of art that makes you smile with delight. (Mouse 13)

Carry on a little further, until you see the tallest mountain of Kendal Mint Cake you've ever seen. (Mouse 14)

Carry on until you arrive at a mini roundabout. From here, you should be able to see a place that has many super treats for pets. Cross over the road at the crossing. (Mouse 15)

With your back to mouse number 15, turn left, then follow the left bend in the pavement. Just before Greta Bridge, you'll find someone in her kitchen and she's cooking delicious wholesome food. (Mouse 16)

Re-trace your steps back to the PUP's clock. Use the pedestrian crossing to safely cross the road and walk up Bank Street until you find a shop with a very sheepish name. (Mouse 17)

Continue walking in the same direction, following the bend in the road until you come to Otley Road. Turn left here and look out for a very colourful door. This building looks out over River Greta and Fitz Park. This mouse is very creative. (Mouse 18)

Follow the road round a little further and this becomes Brewery Lane. This gives a clue about where you can find the next mouse. You'll need to look up high. (Mouse 19)

Continue on brewery Lane until you are back on the main road. Turn left and walk up to the crossing but then turn immediately left down Station Road, towards Fitz Park. Keep walking until you come to a building that has lots of very interesting and old artefacts. (Mouse 20)

Carefully cross the road directly opposite and walk through the large impressive iron gates. Walk until you find a little building where you can inflate and refresh. (Mouse 21)

Continue walking in the same direction, until you spot a very large eagle about to take flight, then head back up the path to Station Road and cross at the pedestrian crossing. Continue down Station Street, looking out for a place where you can buy delicious food to cook. (Mouse 22)

With your back to mouse number 22, carefully cross the road and start to walk back through the covered walkway again, and into Packhorse court. When you're halfway through the walkway, you might feel like you've reached Middle England. (Mouse 23)

Continue into Pack horse Court then walk diagonally right. There's a special place for children, where everything is made out of wood. (Mouse 24)

* Sometimes there is one extra escapee. This elusive cheeky chap appears on market days only. Look for the stall with colourful wood to jog your memory. (mouse 25)
